Document Information
Scope: The purpose of this document is to set out the Centre’s admission policy and to demonstrate that student admissions will be fair, open and transparent.
Key Objectives: To deliver the highest quality construction based vocational training and support to enable young people and adults to gain skills, qualifications and confidence to enhance their potential and build a positive future.

INTRODUCTION

Preston Vocational Centre (PVC) is a registered charity that is committed to providing construction vocational training in painting and decorating, joinery and carpentry, building maintenance, brickwork, plumbing and plastering, with high quality pastoral support to young people, adults and communities of Lancashire. PVC offer accredited and non-accredited learning opportunities that focus on developing character traits, attributes and behaviours for success in lifelong education and work to young people who are over 14 years of age. The single most important factor for helping people overcome their circumstances is the quality of the relationships in their lives and these are formed and sustained best with positive role models and people who care.

The following programmes are delivered by PVC:

Building Skills 14-16 Schools Link

This is a two-year programme designed for year 10 and 11 groups who want to include a study of construction in their broader Key Stage 4 curriculum.

Alternative Education 14-16

Students between 14-16 years who are likely, but not exclusively, to have experienced school attendance issues, social, emotional or behavioural difficulties. Students who will benefit from a place at PVC are likely to fall into, but not limited to, the following categories: -

- Students who have social and emotional issues which are impacting on their education. This may manifest itself through withdrawal from education and school life.
- Students who have had patterns of poor school attendance and cannot re-establish consistent attendance at their mainstream setting.

- Students who are disaffected with mainstream education to such an extent that continuation of a full-time placement in their setting is no longer a positive option.
- Students who have been bullied or have bullied others.
- Students who are disadvantaged and vulnerable due to a range of social circumstances (e.g. families experiencing risks such as poverty, substance misuse, mental health issues).
- Students who have had or are at risk of having a fixed term or permanent exclusion.

Building Futures: 16-18 Pre-Apprenticeship Programme

This is a one-year programme that delivers a City & Guilds Extended Certificate in Construction to young people aged 16-18.

Twilight for Young People at Risk of Offending

The Twilight programme provides training to under 18s and a small number of young adults during their transition into adult services, who are at risk of or involved in anti-social behaviour and low-level crime.

General Education (English and Maths) Sessions

General Education sessions are arranged by the potential student's referrer and PVC can allocate time and classroom space if pre-arranged for delivery at the Centre.

Student Support Meetings

It is sometimes required that potential students require multi-agency support meetings. These meetings can be pre-arranged at PVC with key staff attending.

ADMISSIONS POLICY

The admissions policy will enable PVC to provide a structured, stable environment which will ensure that they are able to meet the individual needs of each student and to demonstrate that student admissions will be fair, open and transparent.

REFERRALS

PVC is committed to achieving fairness and equality for its students in respect of its service provision and associated activities. PVC recognises, respects and will respond to the different needs of minority groups and will strive to ensure that its services are accessible and inclusive.

- **Building Skills 14-16 Schools Link Programme** PVC is not involved with the referral process for the schools link programme and all students are determined by the schools.
- **Alternative Educations 14-16 Schools Individual or Group Placements** Referrals are made by the potential student's place of education or the local authority by completing a referral form (see appendix 1). PVC does not accept applications from parents/carers or self-referrals.
- **Building Futures: 16-18 Pre-Apprenticeship Programme** Referrals are made by the potential student's place of education, support agencies or the local authority by completing a referral form.
- **Twilight for Young People at Risk of Offending** Referrals are made by the potential student's support agency completing a referral form.

STUDENT ADMISSION NUMBERS

PVC has the following admission numbers for each programme:

- 16 places Building Skills 14-16 Schools Link

- 200 places Alternative Education 14-16 Schools
- 8 places 16-18 Pre-Apprenticeship Programme
- 8 places Twilight for Young People at Risk of Offending

Students will not be admitted above the admission numbers unless there are exceptional circumstances.

OVERSUBSCRIPTION CRITERIA

PVC aims to be flexible in its approach to placement requests and will at all times strive to offer placements. In the case of oversubscription, the following criteria will be applied:

- Looked After Children who are in public care and previously Looked After Children.
- Students who have an EHCP for social and emotional issues which are impacting on their education.
- Students who have had or are at risk of having a fixed term or permanent exclusion.
- Students who have had patterns of poor school attendance and cannot re-establish consistent attendance at their mainstream setting.

MEDICAL NEEDS

If a referral form states that a student has any medical needs, then a Health Care Plan is needed. It must be in place before the student starts attending sessions. A risk assessment should be carried out, and any actions identified to be put in place. The Assessment should be stored with the person's Health Care Plan. Refer to the Allergies Including Nut and Food Policy for more information.

APPEALS

PVC want to be as fair, objective and transparent as they can in their admissions procedures. Referrers have the right of appeal against the refusal of a place at PVC for which they have applied. Referrers may appeal against the decision in writing to the Centre Manager at which time the appeal will be decided upon by an independent party and a decision will be made within 14 working days of the appeal being registered.
